Journal of Neuroscience Methods, 34 (1990) 219–220
Elsevier

Author Index (Vol. 34)

Astrup, A.V., Christensen, N.J., Simonsen, L. and Bülow, J.
Effects of nutrient intake on sympathoadrenal activity and thermogenic mechanisms, (34) 187

Bertolucci-D'Angio, M., Serrano, A. and Scatton, B.
Mesocorticolimbic dopaminergic systems and emotional states, (34) 135
Björklund, A., see Kalén, P., (34) 107
Blaha, C.D. and Phillips, A.G.
Application of in vivo electrochemistry to the measurement of changes in dopamine release during intracranial self-stimulation, (34) 125
Boutelle, M.G., Zetterström, T., Pei, Q., Svensson, L. and Fillenz, M.
In vivo neurochemical effects of tail pinch, (34) 151
Bülow, J., see Astrup, A.V., (34) 187
Butcher, S.P., see Fairbrother, G.W.A.I.S., (34) 73

Cenci, M.A., see Kalén, P., (34) 107
Christensen, N.J., see Astrup, A.V., (34) 187
Cohen, P.R., see Cowen, P.J., (34) 201
Cowen, P.J., Cohen, P.R., McCance, S.L. and Friston, K.J.
5-HT neuroendocrine responses during psychotropic drug treatment: an investigation of the effects of lithium, (34) 201
Crespi, F.
In vivo voltammetry with micro-biosensors for analysis of neurotransmitter release and metabolism, (34) 53

Damsma, G., see Westerink, B.H.C., (34) 117
De Boer, P., see Westerink, B.H.C., (34) 117
Di Chiara, G.
Brain dialysis of neurotransmitters: a commentary, (34) 29
Drew, K.L., see Osborne, P.G., (34) 99
Duggan, A.W.
Detection of neuropeptide release in the central nervous system with antibody microprobes, (34) 47

Ell, P.J.
Single photon emission computed tomography (SPET) of the brain, (34) 207
Ewing, A.G., see Olefirowicz, T.M., (34) 11

Fairbrother, G.W.A.I.S. and Butcher, S.P.
Brain microdialysis studies on the control of dopamine release and metabolism in vivo, (34) 73
Fillenz, M., see Boutelle, M.G., (34) 151
Friston, K.J., see Cowen, P.J., (34) 201

Hanretty, K.P. and Rubin, P.C.
The use of Doppler ultrasound in the study of fetal cardiovascular physiology, (34) 159
Hennerici, M.
New technical and clinical aspects for cerebrovascular applications of ultrasound methods, (34) 169
Hjorth, S., see Sharp, T., (34) 83
Hodges, H., see Joseph, M.H., (34) 143
Hutson, P.H., see Middlemiss, D.N., (34) 23

Joseph, M.H. and Hodges, H.
Lever pressing for food reward and changes in dopamine turnover and uric acid in rat caudate and nucleus accumbens studied chronically by in vivo voltammetry, (34) 143
Joseph, M.H., see Marsden, C.A., (34) 1

Kalén, P., Nilsson, O.G., Cenci, M.A., Rosengren, E., Lindvall, O. and Björklund, A.
Intracerebral microdialysis as a tool to monitor transmitter release from grafted cholinergic and monoaminergic neurons, (34) 107
Kendrick, K.M.
Microdialysis measurement of in vivo neuropeptide release, (34) 35
Kidd, E.J., Leysen, J.E. and Marsden, C.A.
Chronic 5-HT_2 receptor antagonist treatment alters 5-HT_{1A} autoregulatory control of 5-HT release in rat brain in vivo, (34) 91
Kissinger, P.T. and Shoup, R.E.
Optimization of LC apparatus for determinations in neurochemistry with an emphasis on microdialysis samples, (34) 3

Landsberg, L.
The sympathoadrenal system, obesity and hypertension: an overview, (34) 179
Leysen, J.E., see Kidd, E.J., (34) 91
Lindvall, O., see Kalén, P., (34) 107

Macdonald, I.A., see Marsden, C.A., (34) 1
Marsden, C.A., Macdonald, I.A., Joseph, M.H. and Perrett, D.
Electrochemical detection, HPLC and in vivo monitoring in the biosciences, (34) 1
Marsden, C.A., see Kidd, E.J., (34) 91
Mathias, C.J.
Effect of food intake on cardiovascular control in patients with impaired autonomic function, (34) 193
McCance, S.L., see Cowen, P.J., (34) 201

Middlemiss, D.N. and Hutson, P.H.
Measurement of the in vitro release of endogenous monoamine neurotransmitters as a means of identification of prejunctional receptors, (34) 23

Nilsson, O.G., see Kalén, P., (34) 107

O'Connor, W.T., see Osborne, P.G., (34) 99
Olefirowicz, T.M. and Ewing, A.G.
Dopamine concentration in the cytoplasmic compartment of single neurons determined by capillary electrophoresis, (34) 11
Osborne, P.G., O'Connor, W.T., Drew, K.L. and Ungerstedt, U.
An in vivo microdialysis characterization of extracellular dopamine and GABA in dorsolateral striatum of awake freely moving and halothane anaesthetised rats, (34) 99

Pei, Q., see Boutelle, M.G., (34) 151
Perrett, D., see Marsden, C.A., (34) 1
Phillips, A.G., see Blaha, C.D., (34) 125

Rosengren, E., see Kalén, P., (34) 107
Rubin, P.C., see Hanretty, K.P., (34) 159

Scatton, B., see Bertolucci-D'Angio, M., (34) 135
Serrano, A., see Bertolucci-D'Angio, M., (34) 135
Sharp, T. and Hjorth, S.
Application of brain microdialysis to study the pharmacology of the 5-HT_{1A} autoreceptor, (34) 83
Sherwood, R.A.
Amino acid measurement by high-performance liquid chromatography using electrochemical detection , (34) 17
Shoup, R.E., see Kissinger, P.T., (34) 3
Simonsen, L., see Astrup, A.V., (34) 187
Stamford, J.A.
Fast cyclic voltammetry: measuring transmitter release in 'real time', (34) 67
Svensson, L., see Boutelle, M.G., (34) 151

Ungerstedt, U., see Osborne, P.G., (34) 99

Westerink, B.H.C., De Boer, P. and Damsma, G.
Dopamine-acetylcholine interaction in the striatum studied by microdialysis in the awake rat: some methodological aspects, (34) 117

Zetterström, T., see Boutelle, M.G., (34) 151

Journal of Neuroscience Methods, 34 (1990) 221–222
